

ARS-RD SERIES

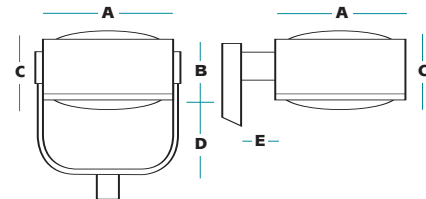

The ARS-RD family of specification grade luminaires was developed to exceed market demands and satisfy the need for a reliably built, energy efficient, high performance fixture.

For those architectural area/site lighting projects where conventional square or rectangular luminaires just won't do!

Fixture Specifications

- Sealed optical chamber and lamp compartment to keep out bugs and debris
- Rotatable optical systems
- Poles available in straight and tapered round steel; variety of heights
- Finished in weatherproof powder-coat paint
- Works well with most existing poles when retrofitting
- One-piece aluminum housing
- Clear, tempered flat glass lens sealed with silicone gasket
- Anodized, semi-specular aluminum reflector available in standard IES patterns
- High power factor ballasts with -20°F starting
- Lamp and arm included
