

# VLR KITS

Convert your existing horizontal lamp surface mount luminaire to a vertically oriented lamp unit for increased performance, nighttime attraction and style.

## Fixture Specifications

### FEATURES

- Available in three sizes to retrofit popular model surface mount canopy luminaires.
- High-performance specular reflector hinged to lens assembly increases vertical footcandle levels.
- Patterned acrylic lens provides optimum light distribution.
- Vertical lamp orientation for optimal lamp life and greater visibility.
- Fast and easy installation using existing ballast and luminaire housing.
- Kit comes completely assembled requiring only socket lead connection.
- UL listed for damp locations.

### DIMENSIONS

To ensure ordering correct size, please refer to Retro Trim Guide on the back of the UCL-RT/SG page.

### ORDERING INFORMATION
