

THE WEDGE SERIES

The unique styling of the Wedge Series evolves around a universal optical assembly that accommodates both long range and wide beam distributions. Its bold, modern design will meet the challenges of today's lighting needs.

Fixture Specifications

- One-piece formed aluminum housing
- Access to lamp and ballast compartments through hinged door assembly
- One-piece tempered glass lens oriented at 17° above horizontal for maximum performance with minimal back light
- Optical system fabricated of polished aluminum, provides for optimum efficiency for long and wide light distribution
- Luminaire finished in weatherproof powder-coat paint
- Available with photocell and polycarbonate shield
- High power factor ballast with -20°F starting
- Consult factory for glare shield options
- Lamp and arm included
